
INDEX

Compiled by Hugo L.P. Stibbe

This index covers the rules (including introductions to the rules) and Appendix D (Glossary). App. D (Glossary) indicates that the term is defined in that glossary. The index does not include examples or terms which occur in the examples.

The rules for description (Part I) have been indexed only to the general chapter (chapter 1) unless there is an amplification or amendment in a later chapter dealing with a special class of material.

The entries are arranged letter-by-letter.
